

TRAVEL MEMO:

Please note that your group benefit Extended HealthCare plan does cover Out of Country emergency medical coverage. Your plan will cover you for medical emergencies, including Covid-19 hospitalizations. However, if you test positive for Covid-19 while travelling or on your way home, your plan will **NOT** cover you for the 14-day quarantine period. If this is a concern for you, we have sourced out a plan that will cover you for the quarantine period.
